Distance Education classes are available for students at various campuses of the University of Hawai‘i system. You must meet all the application registration deadlines at the campus where you register for these classes. To select appropriate courses, please check with your home campus counselor/advisor for your graduation requirements and course pre-requisites.

Distance learning provides students with access to education through a network of various technologies. Instructor and student interact at a distance without having to be physically present in the same location. Distance learning provides students greater flexibility in achieving their educational goals through audio, video, and computer technologies.

Hawai‘i CC students who are interested in registering for Distance Education courses should understand the registration process, the responsibility of notifying the instructor, the procedure for setting up your Laulima account, and the necessary computer hardware and software or television station access that would be required to succeed in the class.
