College Council Wrap Up for February 8, 2019

Please share the following items with your constituents. Contact Carrie Mospens (mospens@hawaii.edu) with any questions or concerns.

1. In the last wrap up you read about the Integrated Planning Review Task Force that is being formed to find a more effective integrated planning model for our college. Core members (Jessica Yamamoto, Melanie Dorado Wilson, Ken Kaliewahea, Carrie Mospens) will be meeting within the next month to identify potential members. More information about the charge can be found in the [Charter](#). If you are interested in participating, please contact Carrie Mospens.
2. The Council is also seeking volunteers to participate on the College Climate Survey Task Force. Currently, this group is working closely with Mary Washington and Jason Santos of the Kauhale Analytics & Intelligence unit to construct the survey using a program that provides data collection and visualization software. Contact Carrie Mospens for more information.
3. Chancellor Solemsaas shared a [presentation](#) about Vibrant Hawai'i Island, a local initiative to address poverty on our island. Please let the Chancellor know if you would like to participate in this collaboration.
4. The [draft minutes](#) of this meeting are available for review.
5. Note that our next College Council meeting is scheduled for March 8, 2019 from 2:00p – 4:00p. Manono Campus 388-101 & Pālamanui Koali 107.

An hour of this meeting will be dedicated to a visit from Krista Hiser and Matt Lynch of the UH System Office of Sustainability. They would like to share what other schools in the System are thinking about in terms of the System Sustainability Initiative, and they would like to get our feedback too. If this topic interests you, please save the date – March 8 2-4pm.
