

Executive Committee Motion relative to “procedural error issue of May 9, 2014”:

Senate Executive Committee Motion is made to rescind the motion of May 9, 2014, which was to “approve the slate as recommended by the ad-hoc General Education Committee” which was originally carried by a vote of:

17 in favor

14 against

0 abstentions

Procedural Clarification relative to the Executive Committee motion:

- No second needed
- Motion is debatable
- Motion is amendable
- Majority vote to carry

If Motion to Rescind carries, we would also need a follow-up “motion to postpone voting on the slate of courses in question until our senate meeting to be held on September 26, 2014.”
