

Hawai'i CC Degrees & Certificates

To earn a Certificate of Competence, Certificate of Achievement, an Associate in Applied Science degree, an Associate in Science degree, an Academic Subject Certificate, or an Associate in Arts degree, all curricular requirements must be met. A student may receive an A.S.C. without completing the A.A. degree but must have the appropriate Grade Point Average for all courses required.

Curricula and Programs

General and pre-professional students may earn the Associate in Arts (A.A.) degree. Students intending to transfer into STEM areas may wish to pursue an Associate in Science in Natural Science (A.S.N.S.) degree. Vocational-technical majors may earn an Associate in Science (A.S.), Associate in Applied Science (A.A.S.), or Associate in Technical Studies (A.T.S.) degree, a Certificate of Achievement (C.A.), or a Certificate of Competence (C.O.) in one of the 25 vocational programs.

Associate in Arts (A.A.) Degree

A general and pre-professional education degree consisting of at least 60 Baccalaureate-level semester credits at the 100 and 200 levels provides students with skills and competencies essential for successful completion of a Baccalaureate degree. The issuance of an A.A. degree requires that the student must earn a cumulative 2.0 GPA or better for all courses used to meet degree requirements. The A.A. degree is designed for students who are preparing themselves to transfer to a four-year college or university. (UHCCP #5.203)

Hawai'i Community College offers two Associate in Arts Degrees: one in Liberal Arts and one in Hawaiian Studies.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Communicate Effectively - Speak and write to communicate information and ideas in academic settings.
- Think Critically - Retrieve, read, and utilize information and synthesize, analyze, and evaluate that information to gain understanding and make informed decisions.
- Reason Quantitatively - Use quantitative, logical, and symbolic reasoning to address theoretical and real-world problems.
- Apply Areas of Knowledge - Utilize methods, perspectives, and content of selected disciplines in the natural sciences, social sciences, and humanities.
- Engage as Global Citizens - Demonstrate awareness of the relationship between self, community, and the environment, respecting cultural diversity and an understanding of ethical behavior.

To earn the Associate in Arts Degree in Liberal Arts (LBRT) from Hawai'i CC, a student must meet the following requirements:

1. Credits Required: A total of 60 credits earned at or transferred to Hawai'i CC in 100-200 level courses
2. A minimum of 12 credits must be completed at Hawai'i CC
3. Minimum GPA Required: A minimum cumulative GPA of 2.0 is required for graduation
4. CR/NC option may be used to satisfy area and general elective requirements (Policy Haw 5.503)

Foundations (12 credits)

Written Communication (FW) (3 credits):

- Eng 100 (Writing)

Quantitative Reasoning (FQ) (3 credits):

- Math 100‡, 115, 120, 135, 140, 241, 242

Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:

- Group A - Prehistory to 1500: Hist 151, WS 175
- Group B - 1500 to Modern Times: Geog 102, Hist 152, WS 176
- Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100

Hawai'i CC Required Courses (6 credits)

College Reading Skills:

- Eng 102 (Reading)

Communication Skills:

- Sp 151† or Sp 251†

Graduation Requirements

Writing Intensive:

- One WI course with a "C" or better grade

Hawaiian, Asian, and Pacific Issues:

- Three credits HAP (from Diversifications or Electives)

Diversifications (19 credits)

Diversifications - Arts, Humanities, Literature: Six (6) credits required in 2 different areas:

Diversification - Arts (DA):

- Art 101, 107D, 111, 113, 114, 115, 217, 230
- Dnce 153, 185, 190V, 195
- Eng 204
- HwSt 103, 130, 131, 230, 231
- Sp 151†, 251†

Diversification - Humanities (DH):

- Asan 120, 121
- Hist 153, 154
- Haw 101, 102, 201, 202
- HwSt 100, 101, 102, 105, 107, 201
- Phil 100
- Sp 260

Diversification - Literature (DL):

- Eng 255, 256, 257A, 257E
- HwSt 270

Diversifications - Natural Sciences: Seven (7) credits: three (3) credits from Biological Sciences; and (3) credits from Physical Sciences; and one (1) credit any Natural Science Lab:

Diversification - Biological Sciences (DB):

- Biol 100, 101, 124, 156, 171, 172
- Bot 101, 130
- Geog 170
- Micr 130
- Phyl 141
- Zool 101

Diversification - Physical Sciences (DP):

- Astr 110
- BioC 141
- Chem 100, 161
- Erth 101
- Geog 101
- Phys 105

Diversification - Natural Science Lab (DY):

- Biol 100L, 101L, 124L, 156L, 171L, 172L
- Bot 101L, 105L
- Chem 100L, 161L
- Erth 101L
- Micr 140L
- Phyl 141L, 142L
- Zool 101L

Diversifications - Social Sciences: Six (6) credits required in 2 different alphas:

Diversification - Social Sciences (DS):

- Anth 150, 200
- Bot 105
- ECEd 105, 110, 131
- Econ 130, 131
- Geog 122
- HDFS 230
- HSer 110
- Psy 100, 170, 275
- Soc 100, 218
- SSci 111, 150
- WS 151

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

Electives (23 credits)

Other 100-level and above courses may be taken at Hawai'i CC or transferred in to Hawai'i CC as electives.

NOTE: Students may not use Independent/Directed Studies courses (marked 199 or 299) to meet area requirements unless prior permission is given by the advisor and the Vice Chancellor for Academic Affairs.

Additionally, courses numbered 99 or below are not applicable toward an Associate in Arts degree.

Writing Intensive Classes

A variety of classes are offered which are writing intensive (WI). These classes require students to do a significant amount of writing totalling a minimum of 4,000 words. Writing is emphasized as an essential tool for learning class material, and a major element in determining a student's grade. In WI classes, an opportunity is provided for interaction between the instructor and student as a part of the writing process. WI classes have a minimum prerequisite of completion of Eng 100 with a grade of "C" or better. Completion of one WI class with a grade of "C" or better is required for the AA-LBRT degree and the AA-HWST degree at Hawai'i CC. Students who are planning to transfer to a four-year college or university are advised to check on that institution's WI requirements and are recommended to take two or three Writing Intensive classes at Hawai'i CC.

For more information about the Writing Intensive Program at Hawai'i CC, visit www.hawaii.hawaii.edu/writing-intensive

HAP Designated Classes

Effective Fall 2019, the **Hawaiian, Asian, and Pacific Issues (HAP)** is a graduation requirement for Associate in Arts (AA) degree majors. Returning students declaring a prior catalog year have the option to use the FHAP (formerly Asian/Pacific Culture) designated courses which were approved for their prior catalog year. (Policy HAW 5.702)

HAP is a University of Hawai'i system initiative designed to improve teaching and learning at UH regarding Native Hawaiian culture and issues from the Native Hawaiian viewpoint, and how they intersect with Asian and Pacific Island cultures. In order to receive the HAP designation, at least 2/3 of a class must meet the following hallmarks:

1. The content should reflect the intersection of Asian and/or Pacific Island cultures with Native Hawaiian culture.
2. A class can use a disciplinary or multi-disciplinary approach provided that a component of the class uses assignments or practices that encourage learning that comes from the cultural perspectives, values, and world views rooted in the experience of peoples indigenous to Hawai'i, the Pacific, and Asia.
3. A class should include at least one topic that is crucial to an understanding of the histories; cultures; beliefs; the arts; or the societal, political, economic, or technological processes of these regions. For example, the relationships of societal structures to the natural environment.
4. A class should involve an in-depth analysis or understanding of the issues being studied in the hope of fostering multi-cultural respect and understanding.

For more information about HAP, and to see a current list of HAP designations at Hawai'i CC, visit www.hawaii.hawaii.edu/hap

Sustainability and S-designated Classes

Hawai'i CC offers a designation of "SF" for courses and classes which expose students to sustainability across a variety of academic disciplines. These are designed to meet the UH system-wide goals to develop and strengthen ecological literacy

in students and address local and global environmental challenges. While not a graduation requirement for the AA degree, S-designated courses and classes allow students from all majors and programs to deepen their knowledge of core concepts of sustainability utilizing a cross-disciplinary approach. The designation can steer students towards classes that address issues of sustainability and encourage students to learn about social justice, cultural, economic, political, scientific, green building, and artistic approaches to sustainability, recognizing the valuable contributions from each academic discipline.

The S-designation of a course indicates that sustainability is a major theme, and S-designation of a class (a particular section of a course) indicates that the instructor has chosen to integrate sustainability themes into the class content and promotes active student engagement with global and local environmental issues.

For more information about Sustainability at Hawai'i CC, and for a list of currently designated courses and classes, visit www.hawaii.hawaii.edu/sustainability

Fulfillment of General Education Requirement

Effective Fall 1994, students who have earned an articulated Associate in Arts (A.A.) degree from any University of Hawai'i Community College shall be accepted as having fulfilled the general education core requirements at all other University of Hawai'i campuses. While an articulated A.A. degree satisfies general education core requirements, students must also complete all specialized lower-division, major, college and degree/graduation requirements. Additional campus-specific requirements, such as competency in a foreign language or writing-intensive courses, may also be required. With planning, most, if not all, of the requirements may be incorporated into the A.A. degree; if not, they are required in addition to the A.A. degree.

Associate in Applied Science (A.A.S.) Degree

A career and technical education degree consisting of at least 60 semester credits provides students with skills and competencies for gainful employment in a career and/or technical education area. The A.A.S. degree is not intended nor designed for transfer directly to a baccalaureate program. A.A.S. programs may, however, include some baccalaureate-level course offerings. Components of General Education included within the A.A.S. must be consistent with levels of quality and rigor appropriate to higher education. The issuance of an A.A.S. degree requires that the student's work has been evaluated and stated outcomes have been met. The student must earn a cumulative 2.0 GPA or better for all courses used to meet degree requirements. (UHCCP #5.203)

To earn the Associate in Applied Science degree at Hawai'i CC, it is the responsibility of the student to meet the program requirements. Those requirements are:

1. Satisfactorily complete the program of courses prescribed for his/her major

2. Earn credits in prescribed communications and mathematics/thinking/reasoning courses
3. Earn nine (9) credits total by selecting one 3-credit general elective course from each of the three areas: Cultural, Natural, Social Environment
4. Earn a cumulative GPA of at least 2.0 in Hawai'i CC courses
5. Earn at least a 2.0 GPA in major courses
6. Earn 12 semester hours at Hawai'i CC

Associate in Applied Science General Education

Electives: The following courses may satisfy the A.A.S. degree general education electives: Cultural Environment, Natural Environment, Social Environment. Check with a program advisor for program requirements.

Cultural Environment:

Through study of artistic, literary, and philosophical masterworks and by examining the development of significant civilizations, cultures and the nature of human communication, students gain an appreciation of history and achievements. This experience should enable the student to approach future studies of a more specific character with a broadened perspective.

- Art 101, 105B, 105C, 107D, 108, 111, 112, 113, 114, 115, 120, 123, 125, 126, 159, 202, 209, 211, 212, 214, 217, 223, 225, 227, 230, 243, 244, 246, 248, 249, 257, 269C, 294, 295, 296

Associate in Science (A.S.) Degree

A degree designed to prepare students for employment in career and technical fields, and/or transfer to a baccalaureate granting institution in a science, technology, engineering, mathematics, or other articulated baccalaureate-level programs of study. The AS degree consists of at least 60 semester credits, which provides students with either skills and competencies for gainful employment, or with courses in the arts and sciences or career and technical education that will prepare students for entry into an articulated baccalaureate program of study. All courses applicable for the AS degree will be at the baccalaureate level. The issuance of an AS degree requires that the student's work has been evaluated and stated outcomes have been met. (UHCCP #5.203)

To earn the Associate in Science degree at Hawai'i CC, it is the responsibility of the student to meet the program requirements. The requirements are:

1. Satisfactorily complete the program of courses prescribed for his/her major
2. Earn credits in prescribed mathematics, communications, and thinking/reasoning courses or pass proficiency examinations in these subjects
3. Earn a total of nine (9) credits of general education electives by selecting one or more courses with a total of at least three (3) credits from each of the three areas: Arts/Humanities/Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS). For some programs the course(s) may be prescribed
4. Earn a cumulative GPA of at least 2.0 in Hawai'i CC courses
5. Earn at least a 2.0 GPA in major courses
6. Earn 12 semester hours at Hawai'i CC

Associate in Science Degree General Education Electives: The following courses may satisfy the A.S. degree general education electives. Check with a program advisor for program requirements.

Diversifications - Arts, Humanities, Literature

Through study of artistic, literary, and philosophical masterworks and by examining the development of significant civilizations, cultures and the nature of human communication, students gain an appreciation of history and achievements. This experience should enable the student to approach future studies of a more specific character with a broadened perspective.

Associate in Technical Studies (A.T.S.) Degree

A career and technical credential consisting of at least 60 semester credits provides students with skills and competencies for gainful employment. This degree must be customized by using courses from two or more existing approved programs and is intended to target emerging career areas which cross traditional boundaries. This degree must have educational objectives which are clearly defined and recognized by business, industry, or employers who have needs for specialized training. This degree must have advanced approval and cannot be requested based upon previously completed coursework. This degree requires a GPA of 2.0 or better for all courses required. (UHCCP #5.203)

Certificate of Achievement (C.A.)

A college credential for students who have successfully completed designated medium-term career and technical education *credit* course sequences provides them with job upgrading or entry-level skills. Course sequences may not exceed 51 credit hours (unless external requirements exceed this number) and may not be less than 24 credit hours. The issuance of a Certificate of Achievement requires that the student must earn a cumulative GPA of 2.0 or better for all Hawai'i CC courses required in the certificate. The 12 semester hours of work must be completed at Hawai'i CC. (UHCCP #5.203)

Certificate of Competence (C.O.)

A college credential for students who have successfully completed a sequence of career-technical education courses within a BOR-approved CTE program that has been identified as fulfilling an employable set of skills recognized by Business and Industry. The C.O. may be awarded for successful completion of a sequence of non-credit CTE instruction. The issuance of a C.O. requires that the student's work meets or exceeds competencies necessary for employment (e.g., courses resulting in a student's competence to be employed as an automotive "brake technician"). Course sequences shall be at least 4 and less than 24 credit hours and may include General Education courses appropriate to industry requirements. In a credit course sequence the student must earn a cumulative 2.0 GPA or better for all courses required in the certificate. (UHCCP #5.203)

Academic Subject Certificate (A.S.C.)

A college credential for students who have successfully completed a focused, specific sequence of credit courses from an A.A. curriculum. The sequence must fit within the structure of the A.A. degree, may not extend the credits required for the A.A. degree, and shall be at least 12 credit hours. The issuance of the Academic Subject Certificate requires that the student must earn a GPA of 2.0 or better for all courses required in the certificate. Students enrolled solely for the purpose of obtaining an ASC will be identified as unclassified for admission and enrollment purposes. (UHCCP #5.203)

Residency Requirement for Graduation

To graduate with a degree from a University of Hawai'i Community College, a student must have earned a minimum of 12 credits of program courses in the degree/major from that college. (UHCCP #5.208)

Assessment

Assessment is the process of gathering information on student learning and services for the purposes of evaluating and improving the learning environment. Assessment is the responsibility of everyone employed by Hawai'i Community College. The College engages in systematic assessment of learning and service outcomes to ensure continuous improvement and to create increased opportunities for student success. The College Council's Assessment Committee provides leadership to ensure that the College achieves its mission by sponsoring assessment activities,

encouraging meaningful assessment practices and experiences, and promulgating discovery based on results of the assessment process.

Assessment across the Kauhale is governed by the College's Assessment Policy. (Policy Haw 5.202)

In addition, standards and criteria from the Accrediting Commission for Community and Junior Colleges (ACCJC), as well as accrediting bodies providing oversight for career and technical education programs, serve as the overall guidelines within which the college establishes and revises its assessment activities.

The course assessment cycle requires that all courses be assessed at least every five years: specific details of the course assessment requirements are listed in the Assessment Policy. (Policy Haw 5.202). The non-instructional service and support unit assessment cycle requires that all units be assessed regularly on a schedule determined by the appropriate vice chancellor or director.

Assessment is integrated with biennium and supplemental budget and strategic planning through annual program and service-unit reviews, and comprehensive reviews on a three-year cycle that are initiated and monitored by the College Effectiveness Review Committee (CERC) and the College Council's Assessment Committee. For more information, visit the website at www.hawaii.hawaii.edu/files/assessment

The following Hawai'i CC and UH System policies determine requirements for program review:

- HAW #4.201 Integrated Planning for Institutional Effectiveness www.hawaii.hawaii.edu/ovcadmin/admin-manual/haw4
- UHCCP #5.202 (May 2012) www.uhcc.hawaii.edu/ovpcc/policies/UHCCP_5.202
- Board of Regents Policy, Section 5-1.b www.hawaii.edu/offices/bor/policy/borpch5.pdf
- University of Hawai'i Systemwide Executive Policy, E5.202 www.hawaii.edu/policy

Course Review Policy

The University Council on Articulation (UCA) policy requires that all of Hawai'i Community College's previously articulated general education core courses be reviewed over a five-year period. Hawai'i CC has developed procedures to review 20% of all of its approved courses each year. Courses will be reviewed according to their approval date; the oldest will be reviewed first. The policy and procedures were developed by the Academic Senate in collaboration with the Dean of Instruction, and were approved by the Senate on January 26, 2001. (Policy Haw 5.250)

PROGRAM DESCRIPTIONS

Accounting (ACCT)

Faculty: S. Dill B. Sanders

The Accounting program prepares students for entry-level positions. Learning centers on the accounting equation and the accounting cycle, recording financial transactions, and preparing financial statements.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Perform basic accounting tasks and business math skills to maintain accurate accounting systems in for-profit organizations.
- Communicate with stake holders in a manner that reflects organizational culture and sensitivity to diverse customer and community needs.
- Perform basic office functions using standard and emerging technologies.
- Demonstrate, in a work environment, effective self-management through efficient use of time and personal commitments.
- Participate effectively in individual and group decision making.
- Use critical thinking skills to make decisions that reflect legal and ethical standards of the accounting profession.

†† Earn 9 credits total by selecting one 3-credit general elective course from each of three areas: Cultural Env., Natural Env., Social Env.

Administration of Justice (AJ)

Faculty: D. Madrid

This program provides students with a solid background in the field of Administration of Justice by offering a variety of courses designed to prepare students for careers within the criminal justice system. The program combines the scientific study of law enforcement, the court system and corrections, along with a focus on the administration of these systems. An important component of the program is the study of the causes and effects of crime and the ways in which society responds to such behavior.

This program is designed to prepare students to obtain a two-year degree with the knowledge and skills needed to enter a career upon graduation. It also academically prepares students who wish to continue their degree at a four-year institution.

A student who successfully completes 12 credits of AJ courses at Hawai'i CC may receive up to 6 additional AJ credits for completing basic police recruit training as required by government law enforcement agencies.

An internship program is also available to students who wish to earn college credit by working in the AJ field. Students can earn up to 6 credits, which can be applied to the program. Students interested in the internship program should contact the AJ Coordinator.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Express a foundational understanding of the three components (law enforcement, courts, and corrections) of the Administration of Justice system and how they interrelate and affect individuals and society.
- Work independently and interdependently with diverse populations to produce personal, professional, and community outcomes.
- Use technology to access, synthesize, and communicate information effectively in written and oral reports.
- Develop and initiate career plans to obtain jobs or continue a degree in Administration of Justice or related fields.

* A grade of "C" or better is required to earn a certificate and/or degree

** Meets competency requirement in mathematics or communications

†† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS)..

Agriculture (AGR)

Faculty: L. Nakamura

This program prepares students for employment in government service, agribusiness, horticulture, livestock, flowers and foliage, landscape, macadamia nuts, papaya, and coffee industries.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Plan and manage projects and cultivate horticultural crops using legal; sustainable; safe; and ecologically, biologically, and technologically sound practices.
- Design gardens that demonstrate the aesthetic principles of unity, repetition, balance, color, and texture congruent with the customers' desires.
- Operate and maintain tools and equipment.
- Set-up and manage a business enterprise.
- Interact with customers and co-workers in ways that effectively support the work to be accomplished.

Architecture, Engineering and Construction Technologies (AEC)

Faculty: D. De Silva

This program prepares students for employment with architectural firms, contractors, engineers, surveyors, or government agencies. Job responsibilities range from making accurate working drawings of buildings to assisting a surveying crew.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Using computational and reasoning skills, demonstrates entry-level skills for accuracy in drawings, and identifies the relationship of features to demonstrate visualization proficiency.
- Formulate, design, revise, and construct projects utilizing knowledge of proper construction materials and resources based on design criteria, and be able to defend, explain, and discuss.
- Design and generate Architectural and Engineering documents using two-dimensional and three-dimensional CAD programs.
- Demonstrate operational competence in using surveying hand tools and equipment.
- Demonstrate communication, critical thinking, research, and problem-solving skills.
- Illustrate within the design process an understanding of the balance between cultures, community, and the environment.

Entry Requirements

- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Subject Area	Minimum placement into course
Mathematics	Math 82X
Reading	Eng 102
Writing	Eng 100

Auto Body Repair and Painting (ABRP)

Faculty: G. Fujioka C. Koreyasu

This program prepares the student for employment in an auto body repair and painting shop. Graduates have found that completion of the ABRP program leads to better paying jobs and faster advancement once employed.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Demonstrate entry-level knowledge and skills required for the safe operation of tools and equipment necessary to perform repairs on modern automobiles.
- Apply proper safety procedures and regulated compliance standards applicable to the auto collision and refinishing industry.
- Demonstrate structural panel repair techniques and advanced welding skills.
- Demonstrate competence in refinishing procedures.
- Employ industry standard operating procedures and repair techniques.
- Utilize research, communication, and problem solving skills to evaluate and operationalize repair tasks.
- Model professional conduct and practice desirable work habits and attitudes for successful employment in the auto repair industry.

Entry Requirements

- Possess a valid driver's license
- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

<u>Subject Area</u>	<u>Minimum placement into course</u>
Mathematics	Math 22 or QM 120T
Reading	Eng 21 or ESL 21

* A grade of "C" or better is required to earn a certificate and/or degree
 ** Meets competency requirement in mathematics or communications
 †† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural Env., Natural Env., Social Env.

Automotive Technology (AMT)

Faculty: H. Fujii K. Shimizu

This program prepares the student for employment as a general mechanic in a service station or auto dealer's shop, or as a specialty mechanic or a specialist on engine tune-ups or electrical systems.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Identify and demonstrate proper work readiness skills and respect for cultural differences.
- Apply safety measures at all times.
- Maintain proper use of shop tools and equipment.
- Demonstrate access and use of online repair manuals.
- Diagnose and repair typical problems encountered by owners of vehicles.
- Perform routine maintenance functions on vehicles.

Entry Requirements

- Possess a valid driver's license
- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

<u>Subject Area</u>	<u>Minimum placement into course</u>
Mathematics	Math 22 or QM 120T

Business Technology (BTEC)

Faculty: G. Ching A. Chung

The Business Technology program prepares students for employment in positions such as administrative assistants, receptionists, clerks, or secretaries. Students will learn critical office skills, along with communication and organizational proficiencies. The curriculum includes courses in office technology, business communication, office administration, accounting, and business math to enhance employment and promotion possibilities.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Work as a responsible member of a team to meet an organization's objectives.
- Demonstrate professionalism in work quality, appearance, attitude, and workplace behavior as required in a diverse business environment.
- Use current and emerging technologies effectively to create and manage documents and handle multiple priorities.
- Communicate clearly and effectively through oral and written interactions, complying with standard office etiquette.
- Use research, critical thinking, and decision-making skills to make informed choices and solve problems for personal and work-related situations.
- Apply appropriate strategies to secure employment, retain a job, and advance in a career.
- Analyze, synthesize, and evaluate real-world problems in quantitative terms.

Carpentry (CARP)

Faculty: D. Vierra

The Carpentry program allows students to participate in the "foundation-to-finish" experiences necessary to build a basic residential house while completing the required carpentry coursework. Students will graduate from the Carpentry program with the knowledge and experience necessary to begin employment at the entry level in the construction industry, or enter a four-year apprenticeship program. Credit may be given in the apprenticeship program for work completed at Hawai'i Community College.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Understand and utilize math computations, formulas, and measurements required in the carpentry field.
- Understand the properties of wood, its sustainability and how it dictates the fundamental principles and procedures involved in carpentry.
- Demonstrate safe practices concerning, personal safety, hand and power tool usage, and all aspects of fabrication/construction.
- Use appropriate tools, materials/fasteners and current building technology to complete projects.
- Practice good work ethics and quality workmanship with regard to industry standards.
- Construct projects by interpreting drawings, applying

building code requirements where applicable.

- Synthesize principles, procedures and objectives using critical thinking, appropriate materials, tools/equipment and procedures to construct a residential dwelling.
- Demonstrate awareness of environmental and cultural impacts at the community and global level during planning and construction phases.

Entry Requirements

- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Subject Area	Minimum placement into course
Mathematics	Math 22 or QM 120T
Reading	Eng 21 or ESL 21

* A grade of "C" or better is required to earn a certificate and/or degree

** Meets competency requirement in mathematics or communications

†† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural Env., Natural Env., Social Env.

Cisco Networking Academy (CNA)

Cisco Networking Academy (CNA) is a global educational program that teaches students how to design, build, troubleshoot, and secure computer networks for increased access to career and economic opportunities in communities around the world. Networking Academy provides online courses, interactive tools, and hands-on learning activities to help individuals prepare for ICT and networking careers in virtually every type of industry. Since its inception in October 1997, more than a million students each year have been reached through more than 7,000 Cisco Academies in all 50 states, Washington D.C., Guam, American Samoa, and in 165 other countries.

The Cisco Certified Networking Associate (CCNA)

series of courses are intended for CCNA examination preparation; to prepare individuals for further education/training; to complement courses/training in electronics, computer technology, and engineering; to provide practical hands-on exercises in computer network design, implementation and maintenance; and to prepare individuals for entry-level (learning-oriented) jobs in the computer networking field. The CCNA courses are:

- CENT 140: Network Fundamentals
- CENT 240B: Routing Protocols and Concepts
- CENT 240C: LAN Switching and Wireless
- CENT 241: Accessing the WAN

For more information about the CNA and courses, contact:

Jason Santos jhsantos@hawaii.edu (808) 934-2645
or visit <http://cisco.netacad.net>

Community Health Worker (CHW)

Faculty: C. Wilcox-Boucher

This certificate prepares students to become Community Health Workers, outreach workers, or navigators in a variety of healthcare settings. They are skilled in providing health education and care coordination.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Develop interpersonal skills that build appropriate, collaborative, respectful relationships with fellow students in the classroom, clients and professionals in the fieldwork setting or work environment.
- Demonstrate how to promote healthy behaviors, care coordination, advocacy, and/or community outreach.
- Reflect on how culture, language and socio-environmental factors influence individuals and families seeking health and/or social services.

Entry Requirements

- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Subject Area	Minimum placement into course
Reading	Eng 102
Writing	Eng 100

Community Health Worker Certificate of Competence CO

First Semester		
* HSer 101	Community Health Worker Fundamentals	3
* HSer 140	Individual Counseling	3
Second Semester		
* HSer 135	Health Promotion and Disease Prevention	3
* HSer 248	Case Management	3
* HSer 192	Seminar and Fieldwork I	3
Second Semester		
* HSer 292	Seminar and Fieldwork II	3
TOTAL		18

* A grade of "C" or better is required to earn a certificate

Cooperative Vocational Education (CVE)

Faculty: See individual program faculty

CVE is an elective that is offered to all qualified students enrolled in vocational-technical programs and who, through a cooperative arrangement between the school and employers, receive part-time related instruction in the school and on-the-job training through part-time employment.

Alternating study in college with employment in private or public sectors is provided the two experiences being planned and supervised by Hawai'i CC and the employers contributes to the student's development in his or her chosen occupation.

Creative Media (CM)

Faculty: M. Hu

This program prepares students for employment in the field of digital media design and production. It gives necessary education and training to students seeking entry-level positions as digital media artists and/or transfer to a Baccalaureate granting institution. It provides professionals already in the field with updated technology training.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Use technology effectively to create visual artworks.
- Gather, analyze, and evaluate information visually.
- Apply knowledge of aesthetics to the needs of the community.
- Demonstrate professionalism with a digital portfolio.

First Semester		AS
* Art 107D	Intro to Digital Photography (or Art 113 or Art 120)	3
* Art 112	Introduction to Digital Arts	3
* Art 115	Introduction to 2D Design	3
** Eng 100	Composition I	3
ICS 101	Digital Tools for the Information World	3
TOTAL		15

Second Semester		AS
* Art 125	Introduction to Graphic Design	3
* Art	Electives (see below)	3
ICS 111	Intro to Computer Science I	3
** Math (FQ)	Math 100 or Math 115 or Math 135	3-4
Sp 151	Personal and Public Speech	3
TOTAL		15-16

Third Semester		AS
Ent 125	Starting a Business	3
* Art	Electives (see below)	9
Electives ††	Diversifications - Arts, Humanities, Literature (choose from Art 101 (DA), Art 113 (DA), Art 114 (DA), HwSt 100 (DH), HwSt 107 (DH), or HwSt 270 (DL))	3
TOTAL		15

Fourth Semester		AS
* Art	Electives (see below)	9
Electives ††	Diversifications - Natural Sciences (choose from DB, DP, DY)	3
Electives ††	Diversifications - Social Sciences (DS)	3
TOTAL		15
TOTAL		60-61

Art Electives - The following courses will be accepted (if not already used to satisfy requirements):

- Art 107D, 113, 120, 126, 156, 202, 207D, 209, 212, 214, 225, 226, 229, 248, 249, 257, 259, 293, 294

Additional Requirement

- One Writing Intensive (WI) course with a "C" or better grade.

* A grade of "C" or better is required to earn a degree

** Meets competency requirement in mathematics or communications

†† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).

Culinary Arts (CULN)

Faculty: P. Heerlein (PAL) S. Sumiki
Staff: T. Hiro

This program is designed to provide for entry-level employment in hotels, full-service restaurants, fast food restaurants, institutions (schools, hospitals, corrections, etc.) and private clubs. Accredited by the American Culinary Federation since July 2005.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Apply appropriate ethics for purchasing and receiving in the culinary industry.
- Demonstrate proper work attitudes and work habits.
- Demonstrate general knowledge of culinary departmental functions and their relationship.
- Demonstrate an understanding of the culinary industry business operations.
- Demonstrate entry-level proficiency in technical skills required in the culinary industry according to the American Culinary Federation.
- Choose an appropriate career path based on industry knowledge or requirements.
- Apply appropriate etiquette, appearance, and hygiene as required by industry standards.
- Demonstrate skills necessary for acquiring a job in the culinary field.
- Integrate their knowledge of Hawai'i's culture and food into cuisine.
- Apply nutritional concerns to the creation of menus.

First Semester - East Hawai'i (Hilo)		CA	AAS
* Culn 111	Introduction to the Culinary Industry	2	2
* Culn 112	Sanitation and Safety	2	2
* Culn 120	Fundamentals of Cookery	5	5
* Culn 170	Food and Beverage Purchasing	3	3
** QM 120H	Quantitative Methods for Culinary Arts (or Math 100 or higher (not Math 120))		
		3	3
Elective††	Cultural Environment (HwSt course recommended)	-	3
	TOTAL (Hilo)	15	18

Second Semester - East Hawai'i (Hilo)		CA	AAS
* Culn 115	Menu Merchandising	2	2
* Culn 131	Short Order Cookery	3	3
* Culn 140	Cold Food Pantry	4	4
* Culn 150	Fundamentals of Baking	4	4
** Eng	Eng 21 or ESL 21 or Eng 22 or (ESL 22G and ESL 22W) or higher	3	-
** Eng 106	Technical English for the Workplace (or Eng 100 or Eng 102)	-	3
	TOTAL (Hilo)	16	16

Third Semester - East Hawai'i (Hilo)		CA	AAS
* Culn 133	Bistro Cookery & Intro to Dining Svc	6	6
* Culn 185 ††	Culinary Nutrition (meets Nat. Env. requirement for A.A.S.)	-	3
* Culn 270	Food and Beverage Cost Control	-	4
HosT 290 ††	Hospitality Management (meets Soc. Env. requirement for A.A.S.)	-	3
	TOTAL (Hilo)	6	16

Fourth Semester - East Hawai'i (Hilo)		CA	AAS
* Culn 160V	Dining Room Service/Stewarding	4	4
* Culn 220	Advanced Cookery	5	5
* Culn 240	Garde Manger	4	4

	TOTAL (Hilo)	13	17
	TOTAL	50	67

* A grade of "C" or better is required to earn a certificate and/or degree

** Meets competency requirement in mathematics or communications

†† Meets requirements in Cultural Env., Natural Env., or Social Env.

First Semester - West Hawai'i (Pāalamanui)		CA	AAS
* Culn 111	Introduction to the Culinary Industry	2	2
* Culn 112	Sanitation and Safety	2	2
* Culn 120	Fundamentals of Cookery	5	5
* Culn 160V	Dining Room Service/Stewarding	2	2
* Culn 170	Food and Beverage Purchasing	3	3
** QM 120H	Quantitative Methods for Culinary Arts (or Math 100 or higher (not Math 120))		
		3	3
	TOTAL (Pāalamanui)	17	17

Second Semester - West Hawai'i (Pāalamanui)		CA	AAS
* Culn 115	Menu Merchandising	2	2
* Culn 131	Short Order Cookery	3	3
* Culn 140	Cold Food Pantry	4	4
* Culn 150	Fundamentals of Baking	4	4
* Culn 160V	Dining Room Service/Stewarding	2	2
** Eng	Eng 21 or ESL 21 or Eng 22 or (ESL 22G and ESL 22W) or higher	3	-
** Eng 106	Technical English for the Workplace (or Eng 100 or Eng 102)	-	3
	TOTAL (Pāalamanui)	18	18

Third Semester - West Hawai'i (Pāalamanui)		CA	AAS
* Culn 133	Bistro Cookery & Intro to Dining Svc	6	6
* Culn 185 ††	Culinary Nutrition (meets Nat. Env. requirement for A.A.S.)	-	3
* Culn 252	Patisserie	-	4
HosT 290 ††	Hospitality Management (meets Soc. Env. requirement for A.A.S.)	-	3
	TOTAL (Pāalamanui)	6	16

Fourth Semester - West Hawai'i (Pālanuanui)		CA	AAS
* Culn 220	Advanced Cookery	5	5
* Culn 240	Garde Manger	4	4
* Culn 270	Food and Beverage Cost Control	-	4
Elective ††	Cultural Environment (HwSt course recommended)	-	3
	TOTAL (Pālanuanui)	9	16
TOTAL		50	67

* A grade of "C" or better is required to earn a certificate and/or degree

** Meets competency requirement in mathematics or communications

†† Meets requirements in Cultural Env., Natural Env., or Social Env.

Diesel Mechanics (DISL)

Faculty: M. Soares

This program prepares the student for employment as a skilled tradesperson who troubleshoots, maintains, and repairs various types of diesel engines, trucks, tractors, boats, and other heavy equipment.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Function safely in a heavy equipment shop environment.
- Demonstrate ability to communicate effectively to gather and convey information.
- Apply theory and principles for proper diagnosis, repair, and maintenance in the heavy-duty truck equipment industry.
- Practice the minimum essential mental, physical, and behavioral skills necessary to maintain professional proficiency.
- Work collaboratively with others as well as independently.

Entry Requirements

- Possess a valid driver's license

First Semester		CA	AAS
* DiMc 120	Introduction to Diesel Engines	12	12
** QM 120T	Quantitative Methods for Trans Tech (or Math 100 or higher (not Math 120))	-	3
Electives ††	Cultural Env., Natural Env., Social Env.	-	3
	TOTAL	12	18

Second Semester		CA	AAS
* DiMc 130	Introduction to Electrical Systems & Diesel Fuel Systems	12	12
** Eng 102	College Reading Skills (or Eng 100 or Eng 106)	-	3
Electives ††	Cultural Env., Natural Env., Social Env.	-	3
	TOTAL	12	18

Third Semester		CA	AAS
* DiMc 140	Introduction to Power Trains	12	12
Electives ††	Cultural Env., Natural Env., Social Env.	-	3
	TOTAL	12	15

Fourth Semester		CA	AAS
* DiMc 150	Intro to Heavy Duty Brakes, Steering, Suspension, Hydraulics, & Hydrostatics	12	12
DiMc 93V	CVE (optional)	-	-
	TOTAL	12	12
TOTAL		48	63

* A grade of "C" or better is required to earn a certificate and/or degree

** Meets competency requirement in mathematics or communications

†† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural Env., Natural Env., Social Env.

Digital Media Arts (DMA)

Faculty: M. Hu

This program prepares students for employment in the field of digital media design and production. It gives necessary education and training to students seeking entry-level positions as digital media artists and/or transfer to a Baccalaureate granting institution. It provides professionals already in the field with updated technology training.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Use technology effectively to create visual artworks.
- Gather, analyze, and evaluate information visually.
- Apply knowledge of aesthetics to the needs of the community.
- Demonstrate professionalism with a digital portfolio.

Digital Media Arts Certificate of Competence

TOTAL **21**

Art Electives - The following courses will be accepted (if not already used to satisfy requirements):

- Art 107D, 113, 120, 126, 156, 207D, 212, 214, 225, 226, 229, 248, 249, 257, 259, 293, 294

* A grade of "C" or better is required to earn a certificate

Early Childhood Education (ECED)

Faculty: J. Smith B. Watanabe
Children's Center Staff:
 C. Babagay

This program is designed to provide attitudes, skills, and knowledge for people who work with young children and their families in a variety of early childhood programs. The Certificate of Competence (C.O.) or Certificate of Achievement (C.A.) prepares students for support roles in early childhood programs. An Associate in Science (A.S.) degree prepares students to be teachers or lead practitioners in early childhood programs.

Students taking Laboratory or Practicum courses are required to complete fingerprinting and pass the criminal history record checks.

This degree is fully articulated with the Bachelor of Arts in Social Science (with a concentration in Early Childhood Education) offered through the University of Hawai'i West O'ahu via Distance Education. Students interested in pursuing the BA degree with UH West O'ahu are encouraged to meet with an Early Childhood Education advisor their first semester.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Use knowledge of child development and of individual children to create healthy, challenging learning environments, and experiences.
- Build positive relationships and guide children through supportive interactions.
- Build respectful partnerships with children, families, colleagues, and communities.
- Observe, document, and assess children's development and learning in partnerships with families.
- Plan, implement, and assess learning experiences using appropriate content, concepts, and methods.
- Use reflective practices to base decisions and actions on ethical and professional standards.
- Advocate for children and their families within the program.

* A grade of "C" or better is required to earn a certificate and/or degree
 ** Meets competency requirement in mathematics or communications
 † ECEd 191 - Early Childhood Practicum I may be substituted for ECEd 190 only when ECEd 190 is not available and with instructor's consent.
 †† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).

The Hawai'i CC Children's Center, located on the Manono campus, provides a setting for early childhood students to gain practical experience with young children. The Center provides early education and care for children 18 months to 5 years of age and serves children of students, faculty, and staff

from Hawai'i CC and UH Hilo. Community children are accepted on a space available basis. The Center offers a high quality developmental approach to early education with qualified staff. Early childhood students work and study in the Center, under the guidance and supervision of early childhood faculty and staff. The Center is accredited by the National Association for the Education of Young Children.

Electrical Installation and Maintenance Technology (EIMT)

Faculty: R. Dela Cruz P. Pajo

This program prepares students for employment with electrical appliance shops, utility companies, and electrical construction, and maintenance companies. Learning will center on planning, designing, constructing, installing, and maintaining electrical wiring and equipment.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Accurately demonstrate entry-level skills in residential, commercial, and industrial electrical installation and maintenance.
- Practice safety on the job and recognize potential hazards.
- Interpret and comply with the National Electrical Code NFPA 70 book and local codes.
- Read and interpret all sections of blueprints and draft electrical circuits.
- Integrate carpentry, masonry, plumbing, and HVACR systems with electrical installation and maintenance.
- Produce take-off lists, perform layout, and install new materials for existing and new projects.
- Think critically, do research, calculate minimum requirements, and solve problems.
- Demonstrate the qualities of an apprentice electrician: positive attitude and behavior, discipline, promptness and attendance, ability to work alone or with others, with cultural awareness, and good communication skills.

Entry Requirements

- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Subject Area	Minimum placement into course
Reading	Eng 21 or ESL 21

First Semester	CA	AAS
* EIMT 20 Interior Wiring	12	12
** Etro 120 Fundamentals of Electronics I	5	5

Elective †† Cultural Environment	-	3
Elective †† Social Environment	-	3
TOTAL	12	18
TOTAL	62	71

* A grade of "C" or better is required to earn a certificate and/or degree

** Meets competency requirement in mathematics or communications

†† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural Env., Natural Env., Social Env.

Electronics Technology (ET)

Faculty: B. Michels

This program prepares students for employment in telecommunications, medical electronics, computers, and consumer electronics. The electronic technician fabricates, installs, maintains, and repairs electronic equipment.

Students applying to the electronics program should have two years of high school math including geometry or algebra, and two years of high school science including chemistry or physics.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Specify, design, build, install, program, operate, troubleshoot, analyze, and modify electronics systems, automated test, and manufacturing control systems.
- Specify, install, program, operate, troubleshoot, and modify computer systems.
- Have effective written, interpersonal, presentation, and team building skills.
- Have the necessary leadership and management skills to effectively complete a project.
- Have a well-developed sense of work ethics and personal discipline to succeed in their chosen profession.
- Have attitudes, abilities, and skills required to adapt to rapidly changing technologies and a desire for life-long learning.

Entry Requirements

- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Subject Area	Minimum placement into course
Reading	Eng 21 or ESL 21

First Semester		CA	AAS
*/**	Etro 120 Fundamentals of Electronics I	5	5

†† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural Env., Natural Env., Social Env.

Environmental Studies Academic Subject Certificate (ASC-ENVS)

Faculty: P. Scheffler

The Environmental Studies Academic Subject Certificate, within the Liberal Arts degree, will provide a focus on issues concerning our environment. Some issues are unique to Hawai'i while some are global.

In order to allow students to study environmental issues from many different angles, the curriculum of this certificate is based on an interdisciplinary approach to Environmental Studies and includes courses from Humanities, Natural Sciences, and Social Sciences.

Residency and Transfer credit:

Credits may transfer from another college for courses equivalent to the ones listed in the curriculum.

Requirements

1. **Credits Required:** A minimum of 16 credits is required to receive the ASC-ENVS.
2. Earn a "C" or better in each course.

Core Requirements (7 credits)

- Biol 124 and 124L
- Choose 1: Ag 190V, Sci 190V, SSci 250

Subject Areas (9 credits)

Plus one (1) course from each of the areas below:

Life Sciences (3 credits)

- BioC 141
- Biol 101, 156, 171
- Bot 101, 130
- Zool 101

Physical Sciences (3 credits)

- Chem 100, 151
- Geog 101
- Ocn 201, 205

Social Sciences (3 credits)

- Econ 120
- Geog 102, 122
- PolS 110
- Soc 100, 218
- SSci 111, 150

Fire Science (FS)

Faculty: J. Minassian

The Fire Science Program prepares individuals with the academic knowledge for entry employment in the Fire Service field as well as meeting the needs of in-service professionals.

Upon completion of this program, students will have the knowledge to prepare for a career with federal, state and local fire and emergency service agencies, with an emphasis on Structural Fire Fighting, Wildland Fire Suppression, Hazardous Materials Incidents, Fire Prevention and Investigation, Emergency Medical Technician, Fire Management and Administration, and the Incident Command System.

After earning the Associate in Science (A.S.) Degree, students have the opportunity to pursue a Bachelor's Degree in Fire Administration from Colorado State University (CSU) through distance learning. See Program Faculty for a list of courses that will transfer to CSU.

Health and physical requirements vary with different employers in the Fire Service field, so prospective students should seek advice before enrolling.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Meet the minimum academic training requirements of the National Fire Protection Association's (NFPA) Standard 1001, Standard for Fire Fighter Professional Qualifications (Fire Fighter I).
- Perform as fully qualified wildland firefighters (FFT2) in accordance with National Wildfire Coordinating Group PMS 310-1 standards.
- Utilize the Incident Command System to manage a wide variety of planned and un-planned incidents.
- Demonstrate knowledge of modern fire service strategies, tactics, and management for both structural and wildland fire incidents.
- Meet the requirements for National Fire Protection Association's (NFPA) 472, Standard for Professional Competence of Responders to Hazardous Materials Incidents for the Awareness and Operational Levels.
- Apply the principles of interpersonal communication, cooperative teamwork, supervision, and management for leadership in the fire service.
- Apply the theoretical principles of the chemistry of fire and hydraulics to solve water supply problems.
- Take the National Registry Examination for certification as an Emergency Medical Technician.

First Semester		CA	AS
Fire 101	Essentials of Fire Suppression	3	3
Fire 101L	Essentials of Fire Suppression Lab	1	1
Fire 151	Introduction to Wildland Fire Control	3	3
Fire 156	Incident Command System	3	3
Biol 100	Human Biology	-	3
Biol 100L	Human Biology Laboratory	-	1
	TOTAL	10	14

Second Semester		CA	AS
Fire 153	Advanced Wildland Firefighting	3	3
Fire 157	Intermediate Wildland Fire Behavior	3	3
** English	Eng 100 or Eng 215	-	3
Hlth 125	Survey of Medical Terminology	-	1
** Math	Math 100 or higher	-	3
	TOTAL	6	13

Third Semester		CA	AS

Fire 250	Emergency Medical Technician	-	10.5
Fire 251	Emergency Medical Technician Practicum	-	1.6
	TOTAL	-	12.1
	TOTAL	34	70.1

** Meets competency requirement in mathematics or communications
 †† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).

Global Studies Academic Subject Certificate (ASC-LBRT-GLS)

Faculty: P. Scheffler

The interdisciplinary Global Studies Academic Subject Certificate is designed to integrate student learning across disciplines and programs and foster connections between disciplinary learning, world languages, and study abroad experiences. This certificate will provide students with the opportunity to gain awareness of and sensitivity to other cultures' norms, practices and actions while at the same time recognizing the unique attributes of one's own culture. It will teach them to speak and write in another language while recognizing and respecting the importance of language diversity (all languages) in global communication. It will also help them to recognize self as a part of global culture by demonstrating awareness of the interdependence of global systems: by understanding how the U.S. may be perceived world-wide; by solving problems with multiple perspectives and variables; and by making globally responsible decisions.

Requirements

1. **Credits Required:** A total of 16 credits is required to receive the ASC-GS:
 - A minimum of 4 credits World Language study
 - A minimum of 3 credits of Study Abroad
 - A minimum of 3 credits Internationalized Courses
 - Remaining credits from any courses listed in the above categories.
2. Earn a “C” or better in each course.

World Language (4 credits)

- Haw 101, 102, 201, 202
- Jpns 101, 102

Study Abroad (3 credits)

- Art 269C † Study Abroad - Japan
- Geog 292V Special Topics: Study Abroad
- Sci 292V Special Topics: Study Abroad

Internationalized Courses (3 credits)

- AJ 180, 181, 182, 280
- Anth 121, 150, 200, 235
- Art 159, 227, 269C †
- Asan 120, 121, 122
- Biol 124
- Bot 105, 105L
- Econ 120, 130, 131
- Eng 255, 257A, 257E
- Geog 102
- Hist 120, 151, 152, 153, 154, 241, 242, 288
- HSer 141
- HwSt 100, 107
- Ling 102
- Mkt 185
- Phil 102, 213

- Rel 150
- SSci 111
- Soc 290
- Sp 233
- Univ 101
- WS 151

† These courses appear in multiple areas but count only once for graduation requirements.

Hawai‘i Life Styles Academic Subject Certificate (ASC-HWST-HLS)

The Hawai‘i Life Styles ASC provides an engaging foundation for students interested in exploring and experiencing Hawaiian cultural traditions. Learners may specialize in the Subject Certificate while fulfilling the program requirements for any major at Hawai‘i CC.

General Information

Students seeking the ASC-HWST-HLS must receive a grade of “C” or better in all courses. The listed requirements are subject to change. For the latest information, please visit the website, www.hawaii.hawaii.edu/hawaii-life-styles or contact the main HLS office at (808) 934-2600. Students may also contact an advisor:

Hilo

Taupōuri Tangarō	taupouri@hawaii.edu	934-2575
No‘el Tagab-Cruz	tagab@hawaii.edu	934-2616
Pele Kaio	pelekaio@hawaii.edu	934-2606
Ku‘ulei Kanahele	tracyk@hawaii.edu	934-2605
Ākea Kiyuna	akiyuna@hawaii.edu	934-2609

Pālamantui

E. Kalani Flores	ekflores@hawaii.edu	969-8875
Y. Ka‘ea Lyons	ykalapai@hawaii.edu	969-8800

Requirements

1. **Credits Required:** A minimum of 12 credits is required to receive the ASC-HWST-HLS.
2. A minimum of 6 credits must be completed at Hawai‘i CC.
3. **Minimum GPA Required:** A minimum cumulative GPA of 2.0 is required.

Language Requirements (4 cr)

Choose 1:

- Haw 101, 102, 201, 202

Core Requirements (8 credits)

Required (3 credits)

- HwSt 100

Electives (5 credits required)

- Any other Haw and/or HwSt courses not already taken

Hawaiian Studies (AA-HWST) Associate in Arts Degree

Faculty:	E. Flores (PAL)	P. Kaio
	K. Kanahele	A. Kiyuna
	Y. Lyons (PAL)	N. Tagab-Cruz
	T. Tangarō	
Staff:	M. Burnett	T. Naea

A two-year Baccalaureate direct transfer Associate in Arts degree consisting of 62 semester credits at the 100 and 200 levels. The Associate in Arts in Hawaiian Studies is designed for students who are preparing to transfer to a four-year college or university and who have an interest in achieving a qualification that would be beneficial in the workforce or other areas of study where a foundational knowledge of the Native Hawaiian host culture can complement their worldview.

General Information

Students interested in transferring to or enrolling in the AA-HWST program are encouraged to meet with a Counselor. Please call the Counseling Office at (808) 934-2720.

For the latest information please visit the website www.hawaii.hawaii.edu/hawaiian-studies

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Describe aboriginal Hawaiian linguistic, cultural, historical, and political concepts.
- Apply aboriginal Hawaiian concepts, knowledge, and methods to the areas of science, humanities, arts, and social sciences, in academics and in other professional endeavors.
- Engage, articulate, and analyze topics relevant to the aboriginal Hawaiian community using college-level research and writing methods.

To earn the Associate in Arts in Hawaiian Studies Degree from Hawai'i CC, a student must meet the following requirements:

1. Credits Required: A total of 62 credits earned at or transferred to Hawai'i CC in 100-200 level courses
2. A minimum of 12 credits must be completed at Hawai'i CC
3. Minimum GPA Required: A minimum cumulative GPA of 2.0 is required for graduation
4. CR/NC option may be used to satisfy area and general elective requirements (Policy Haw 5.503)

Foundations (12 credits)

Written Communication (FW) (3 credits):

- Eng 100 (Writing)

Quantitative Reasoning (FQ) (3 credits):

- Math 100

Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:

- Group A - Prehistory to 1500: Hist 151
- Group B - 1500 to Modern Times: Hist 152
- Group C - Prehistory to Modern Times: (none at this time)

Hawai'i CC Required Courses (6 credits)

College Reading Skills:

- Eng 102 (Reading)

Communication Skills:

- Sp 151

Graduation Requirements

Writing Intensive:

- One WI course with a "C" or better grade

Hawaiian Language and Hawaiian Studies Requirements (12 credits)

Hawaiian Language (8 credits):

- Haw 101, 102

Hawaiian Studies (4 credits):

- HwSt 103, 107

Specializations (13 credits)

Choose one group

- Hula (13 credits): HwSt 130, 131, 260; plus 4 additional credits of Haw and/or HwSt courses (at least 3 credits must be at the 200-level)
- Kapuahi Foundations (13 credits): HwSt 260; plus 10 additional credits of Haw and/or HwSt courses (at least 3 credits must be at the 200-level)

Diversifications (19 credits)

Diversifications - Arts, Humanities, Literature: Six (6) credits required in 2 different areas (DH and DL required):

Diversification - Humanities (DH):

- HwSt 100

Diversification - Literature (DL):

- HwSt 270

Diversifications - Natural Sciences: Seven (7) credits: three (3) credits from Biological Sciences; and (3) credits from Physical Sciences; and one (1) credit any Natural Science Lab:

Diversification - Biological Sciences (DB):

- Biol 100, 101, 124, 156, 171, 172
- Bot 101, 130
- Geog 170
- Micr 130
- Phyl 141
- Zool 101

Diversification - Physical Sciences (DP):

- Astr 110
- BioC 141
- Chem 100, 161
- Erth 101
- Geog 101
- Phys 105

Diversification - Natural Science Lab (DY):

- Biol 100L, 101L, 124L, 156L, 171L, 172L
- Bot 101L, 105L
- Chem 100L, 161L
- Erth 101L
- Micr 140L
- Phyl 141L, 142L
- Zool 101L

Diversifications - Social Sciences: Six (6) credits required in 2 different alphas:

Diversification - Social Sciences (DS):

- Anth 150, 200
- Bot 105
- ECEd 131
- Econ 130, 131
- Geog 122
- HDFS 230
- HSer 110
- Psy 100, 170, 275
- Soc 100, 218
- SSci 111, 150
- WS 151

NOTE: Students may not use Independent/Directed Studies courses (marked 199 or 299) to meet area requirements unless prior permission is given by the advisor and the Vice Chancellor for Academic Affairs.

Additionally, courses numbered 99 or below are not applicable toward an Associate in Arts degree.

Hospitality and Tourism (HOST)

The Hospitality and Tourism program is designed to provide job training for entry-level and first line supervisory level positions in the hospitality/visitor industry. Offering educational training in the field of hospitality/visitor industry will ensure a skilled pool of workers is continuously available to meet the industry's employment demand on the Island of Hawai'i. Additionally, making a career path possible to local workers strengthens the human assets of our community. The program was established to:

- Meet the growing needs of the hotels and related hospitality/visitor organizations by training existing and future employees in basic skills needed to obtain entry-level and supervisory positions.
- Provide job upgrading skills necessary for career advancement in the hospitality/visitor industry.
- Develop skills in verbal and written communication.
- Develop skills in distance learning that will promote life-long learning.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Effectively and purposely use verbal and nonverbal language about Hospitality and Tourism topics with confidence, and appropriate to the audience.
- Use critical thinking skills to effectively synthesize and evaluate information from assigned readings and articles through written memos, reports, reflective notes, and essay exams.
- Conduct presentation projects that include Internet research and visual media.
- Interact with others through team-building speeches and visual-oral presentations, which are designed to promote teamwork solutions and teach teamwork principles. Values such as respect for diversity, the need for fairness, empathy, and human dignity are stressed.
- Demonstrate self-management related to the Hospitality Industry through practices that promote physical, mental, and emotional health.

First Semester		CO	CA	AAS

Human Services (HSER)

Faculty: S. Claveria C. Wilcox-Boucher

This certificate prepares students for entry- and mid-level entry employment in such diverse settings as group homes and halfway houses; correctional, developmentally delayed, and community mental health centers; family, child and youth agencies; and programs concerned with special needs such as alcoholism, drug abuse, family violence, homelessness, and aging.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Portray a respectful attitude harmonizing with place, culture, and diverse perspectives, through a reflection of values and self awareness.
- Evaluate employment and educational opportunities through a comprehensive awareness of the function of Human Services in the community.
- Utilize communication skills and implement strategies to assess the multiple causes of social issues and concerns.

Human Services Certificate of Competence

First Semester	CO
* HSer 110 Introduction to Human Services	3
* Eng Eng 22 or (ESL 22G and ESL 22W) or higher	3
SSci/PS Electives (see below)	3

Second Semester	CO
* HSer 192 Seminar and Fieldwork I	3
* Psy/Soc Psy 100 or Psy 170 or Soc 100	3

Third Semester	CO
* HSer 292 Seminar and Fieldwork II	3
SSci/PS Electives (see below)	3
TOTAL	21

Social Science/Public Service Electives - The following alphas will be accepted (non-listed alphas must be prior approved by the HSer Coordinator): AJ, Anth, Geog, HDFS, HSer, HwSt, PacS, PolS, Psy, Soc, Subs, WS.

* A grade of "C" or better is required to earn a certificate

Information Technology (IT)

Faculty: C. Butler

The Information Technology program is a career-laddered, competency-based program that provides training in the use and support of business-related computer systems, data communication networks (including local area networks), and the development of business computer information systems programs using procedural, event-driven and object-oriented programming techniques.

The program includes a combination of business, computer, and information technology courses. Campus-based computer and networking projects, faculty supervised laboratories, and workplace internships provide hands-on experience designed to prepare students for positions in computer support, programming, network administration, or systems development in a business information technology system. The program focuses on computers and information technology as tools to solve business problems.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Information Systems - Plan, develop, and implement the hardware, software, and procedural components of a data processing system in a business environment.
- Networking - Plan, develop, and implement the hardware, software, and procedural components of a data communications system in a business environment.
- Programming - Plan, develop, implement, and document computer programs that meet the data processing requirements of a business organization.
- Productivity - Work independently and cooperatively to deliver reports, programs, projects, and other deliverables that document a business organization's information technology requirements.
- Legal/Ethical/Professional - Base decisions and actions on the legal, ethical, and professional guidelines and practices of the information technology field.
- Explore - Demonstrate the ability to search, analyze, and synthesize current information and solutions in the rapidly changing information technology profession.

Entry Requirements

- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Subject Area	Minimum placement into course
Mathematics	Math 103

Liberal Arts (AA-LBRT)

Associate in Arts Degree

Faculty:	L. Baldan-Jenkins	V. Chin
	S. Claveria	S. Dansereau
	T. Cravens-Howell (PAL)	T. Dean (PAL)
	E. Flores (PAL)	S. Giordanengo
	M. Hu	P. Kaio
	R. Kalauli	K. Kanahale
	D. Kapp	A. Kiyuna
	K. Kotecki	K. Landgraf
	T. Loveday	Y. Lyons (PAL)
	A. Maclennan (PAL)	J. McDaniel
	C. Mospens	C. Naguwa
	R. Namba (PAL)	J. Nissam
	M. Phillips	T. Qolouvaki
	D. Salvador	P. Scheffler
	E. Shaver (PAL)	J. Sims
	O. Steele	N. Tagab-Cruz
	T. Tangarō	D. Tsugawa (PAL)
	D. Weeks	C. Wilcox-Boucher

The Associate in Arts degree Program, also referred to as the Liberal Arts (LBRT) Program, is designed for students who are preparing themselves to transfer to a four-year college or university.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Communicate Effectively - Speak and write to communicate information and ideas in academic settings.
- Think Critically - Retrieve, read, and utilize information and synthesize, analyze, and evaluate that information to gain understanding and make informed decisions.
- Reason Quantitatively - Use quantitative, logical, and symbolic reasoning to address theoretical and real-world problems.
- Apply Areas of Knowledge - Utilize methods, perspectives, and content of selected disciplines in the natural sciences, social sciences, and humanities.
- Engage as Global Citizens - Demonstrate awareness of the relationship between self, community, and the environment, respecting cultural diversity and an understanding of ethical behavior.

To earn the Associate in Arts Degree in Liberal Arts (LBRT) from Hawai'i CC, a student must meet the following requirements:

1. Credits Required: A total of 60 credits earned at or transferred to Hawai'i CC in 100-200 level courses
2. A minimum of 12 credits must be completed at Hawai'i CC
3. Minimum GPA Required: A minimum cumulative GPA of 2.0 is required for graduation
4. CR/NC option may be used to satisfy area and general elective requirements (Policy Haw 5.503)

Foundations (12 credits)

Written Communication (FW) (3 credits):

- Eng 100 (Writing)

Quantitative Reasoning (FQ) (3 credits):

- Math 100‡, 115, 120, 135, 140, 241, 242

Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:

- Group A - Prehistory to 1500: Hist 151, WS 175
- Group B - 1500 to Modern Times: Geog 102, Hist 152, WS 176
- Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100

Hawai'i CC Required Courses (6 credits)

College Reading Skills:

- Eng 102 (Reading)

Communication Skills:

- Sp 151† or Sp 251†

Graduation Requirements

Writing Intensive:

- One WI course with a "C" or better grade

Hawaiian, Asian, and Pacific Issues:

- Three credits HAP (from Diversifications or Electives)

Diversifications (19 credits)

Diversifications - Arts, Humanities, Literature: Six (6) credits required in 2 different areas:

Diversification - Arts (DA):

- Art 101, 107D, 111, 113, 114, 115, 217, 230
- Dnce 153, 185, 190V, 195
- Eng 204
- HwSt 103, 130, 131, 230, 231
- Sp 151†, 251†

Diversification - Humanities (DH):

- Asan 120, 121
- Hist 153, 154
- Haw 101, 102, 201, 202
- HwSt 100, 101, 102, 105, 107, 201
- Phil 100
- Sp 260

Diversification - Literature (DL):

- Eng 255, 256, 257A, 257E
- HwSt 270

Diversifications - Natural Sciences: Seven (7) credits: three (3) credits from Biological Sciences; and (3) credits from Physical Sciences; and one (1) credit any Natural Science Lab:

Diversification - Biological Sciences (DB):

- Biol 100, 101, 124, 156, 171, 172
- Bot 101, 130
- Geog 170
- Micr 130
- Phyl 141
- Zool 101

Diversification - Physical Sciences (DP):

- Astr 110
- BioC 141

- HSer 110
- Psy 100, 170, 275
- Soc 100, 218
- SSci 111, 150
- WS 151

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

Electives (23 credits)

Other 100-level and above courses may be taken at Hawai'i CC or transferred in to Hawai'i CC as electives.

NOTE: Students may not use Independent/Directed Studies courses (marked 199 or 299) to meet area requirements unless prior permission is given by the advisor and the Vice Chancellor for Academic Affairs.

Additionally, courses numbered 99 or below are not applicable toward an Associate in Arts degree.

Writing Intensive Classes

A variety of classes are offered which are writing intensive (WI). These classes require students to do a significant amount of writing totalling a minimum of 4,000 words. Writing is emphasized as an essential tool for learning class material, and a major element in determining a student's grade. In WI classes, an opportunity is provided for interaction between the instructor and student as a part of the writing process. WI classes have a minimum prerequisite of completion of Eng 100 with a grade of "C" or better. Completion of one WI class with a grade of "C" or better is required for the AA-LBRT degree and the AA-HWST degree at Hawai'i CC. Students who are planning to transfer to a four-year college or university are advised to check on that institution's WI requirements and are recommended to take two or three Writing Intensive classes at Hawai'i CC.

For more information about the Writing Intensive Program at Hawai'i CC, visit www.hawaii.hawaii.edu/writing-intensive

HAP Designated Classes

Effective Fall 2019, the **Hawaiian, Asian, and Pacific Issues (HAP)** is a graduation requirement for Associate in Arts (AA) degree majors. Returning students declaring a prior catalog year have the option to use the FHAP (formerly Asian/Pacific Culture) designated courses which were approved for their prior catalog year. (Policy HAW 5.702)

HAP is a University of Hawai'i system initiative designed to improve teaching and learning at UH regarding Native Hawaiian culture and issues from the Native Hawaiian viewpoint, and how they intersect with Asian and Pacific Island cultures. In order to receive the HAP designation, at least 2/3 of a class must meet the following hallmarks:

1. The content should reflect the intersection of Asian and/or Pacific Island cultures with Native Hawaiian culture.
2. A class can use a disciplinary or multi-disciplinary approach provided that a component of the class uses assignments or practices that encourage learning that comes from the cultural perspectives, values, and world views rooted in the experience of peoples indigenous to Hawai'i, the Pacific, and Asia.
3. A class should include at least one topic that is crucial to an understanding of the histories; cultures; beliefs; the arts; or the societal, political, economic, or technological processes of these regions. For example, the relationships of societal structures to the natural environment.
4. A class should involve an in-depth analysis or understanding of the issues being studied in the hope of fostering multi-cultural respect and understanding.

For more information about HAP, and to see a current list of HAP designations at Hawai'i CC, visit www.hawaii.hawaii.edu/hap

Fulfillment of General Education Requirement

Effective Fall 1994, students who have earned an articulated Associate in Arts (A.A.) degree from any University of Hawai'i Community College shall be accepted as having fulfilled the general education core requirements at all other University of Hawai'i campuses. While an articulated A.A. degree satisfies general education core requirements, students must also complete all specialized lower-division, major, college and degree/graduation requirements. Additional campus-specific requirements, such as competency in a foreign language or writing-intensive courses, may also be required. With planning, most, if not all, of the requirements may be incorporated into the A.A. degree; if not, they are required in addition to the A.A. degree.

Liberal Arts/Associate in Arts with a Concentration in Administration of Justice (LBRT)

This Concentration provides students with a background in the scientific and experimental study of the Administration of Justice system. It focuses on the three major components of the AJ system in the United States, including the aspects of law enforcement; the state and federal judicial process; and local, state, and federal correctional systems. It also explores the historical and current economic, political, and societal issues of the AJ systems, and how they affect individuals, families, communities, and the greater society. It prepares students to transfer to a four-year institution that offers a degree in Administration of Justice, Criminal Justice, or related Social Sciences disciplines, and is a specific pathway for those who are interested in transferring to the University of Hawai'i at Hilo to pursue a degree in Administration of Justice.

Foundations (12 credits)

Written Communication (FW) (3 credits):

- Eng 100 (Writing)

Quantitative Reasoning (FQ) (3 credits):

- Math 100‡, 115, 120, 135, 140, 241, 242

Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:

- Group A - Prehistory to 1500: Hist 151, WS 175
- Group B - 1500 to Modern Times: Geog 102, Hist 152, WS 176
- Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100

Hawai'i CC Required Courses (6 credits)

College Reading Skills:

- Eng 102 (Reading)

Communication Skills:

- Sp 151‡ or Sp 251‡

Graduation Requirements

Writing Intensive:

- One WI course with a "C" or better grade

Hawaiian, Asian, and Pacific Issues:

- Three credits HAP (from Diversifications or Electives)

Diversifications (19 credits)

Diversifications - Arts, Humanities, Literature: Six (6) credits required in 2 different areas:

Diversification - Arts (DA):

- Art 101, 107D, 111, 113, 114, 115, 217, 230
- Dnce 153, 185, 190V, 195
- Eng 204
- HwSt 103, 130, 131, 230, 231
- Sp 151‡, 251‡

Diversification - Humanities (DH):

- Asan 120, 121
- Hist 153, 154
- Haw 101, 102, 201, 202
- HwSt 100, 101, 102, 105, 107, 201
- Phil 100
- Sp 260

Diversification - Literature (DL):

- Eng 255, 256, 257A, 257E
- HwSt 270

Diversifications - Natural Sciences: Seven (7) credits: three (3) credits from Biological Sciences; and (3) credits from Physical Sciences; and one (1) credit any Natural Science Lab:

Diversification - Biological Sciences (DB):

- Biol 100, 101, 124, 156, 171, 172
- Bot 101, 130
- Geog 170
- Micr 130
- Phyl 141
- Zool 101

Diversification - Physical Sciences (DP):

- Astr 110
- BioC 141
- Chem 100, 161
- Erth 101
- Geog 101
- Phys 105

Diversification - Natural Science Lab (DY):

- Biol 100L, 101L, 124L, 156L, 171L, 172L
- Bot 101L, 105L
- Chem 100L, 161L
- Erth 101L
- Micr 140L
- Phyl 141L, 142L
- Zool 101L

Diversifications - Social Sciences: Six (6) credits required in 2 different alphas:

Diversification - Social Sciences (DS):

- Psy 100
- Soc 100

AJ Concentration Electives (23 credits)

- AJ 101, 103, 130† (see HSer/Subs 130), 131, 150, 180, 208† (see Soc 208), 210, 220, 221, 256† (see HSer/WS 256), 280, 285
- HSer 130† (see AJ/Subs 130), 256† (see AJ/WS 256)
- Soc 208† (see AJ 208)
- Subs 130† (see AJ/HSer 130), 132, 268
- WS 151, 256† (see AJ/HSer 256)

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

Liberal Arts/Associate in Arts with a Concentration in Art (LBRT)

This Concentration provides students with a strong studio art experience and curriculum that integrates conceptual and technical artistic skills with personal and creative exploration. It prepares students to transfer to a four-year institution to further their studies in the various areas of studio art including ceramics, design, drawing, painting, photography, and sculpture, or to continue on their journey of becoming a professional artist. This concentration was also designed to be a specific pathway for those who are interested in transferring to the University of Hawai'i at Hilo to pursue a degree in Art.

Foundations (12 credits)

Written Communication (FW) (3 credits):

- Eng 100 (Writing)

Quantitative Reasoning (FQ) (3 credits):

- Math 100‡, 115, 120, 135, 140, 241, 242

Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:

- Group A - Prehistory to 1500: Hist 151, WS 175
- Group B - 1500 to Modern Times: Geog 102, Hist 152, WS 176
- Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100

Hawai'i CC Required Courses (6 credits)

College Reading Skills:

- Eng 102 (Reading)

Communication Skills:

- Sp 151 or Sp 251

Graduation Requirements

Writing Intensive:

- One WI course with a "C" or better grade

Hawaiian, Asian, and Pacific Issues:

- Three credits HAP (from Diversifications or Electives)

Diversifications (19 credits)

Diversifications - Arts, Humanities, Literature: Six (6) credits required in 2 different areas (DA required):

Diversification - Arts (DA):

- Art 113 (Required)

Diversification - Humanities (DH):

- Asan 120, 121
- Hist 153, 154
- Haw 101, 102, 201, 202
- HwSt 100, 101, 102, 105, 107, 201
- Phil 100
- Sp 260

Diversification - Literature (DL):

- Eng 255, 256, 257A, 257E
- HwSt 270

Diversifications - Natural Sciences: Seven (7) credits: three (3) credits from Biological Sciences; and (3) credits from Physical Sciences; and one (1) credit any Natural Science Lab:

Diversification - Biological Sciences (DB):

- Biol 100, 101, 124, 156, 171, 172
- Bot 101, 130
- Geog 170
- Micr 130
- Phyl 141

- Erth 101L
- Micr 140L
- Phyl 141L, 142L
- Zool 101L

Diversifications - Social Sciences: Six (6) credits required in 2 different alphas:

Diversification - Social Sciences (DS):

- Anth 150, 200
- Bot 105
- ECEd 105, 110, 131
- Econ 130, 131
- Geog 122
- HDFS 230
- HSer 110
- Psy 100, 170, 275
- Soc 100, 218
- SSci 111, 150
- WS 151

Art Concentration Electives (23 credits)

- Art 112*, 115*, 202*, 209*, 214*, 293* or 294*
- Ent 125*

Choose any one course numbered 100 or above of 2 credits of General Electives

* A grade of "C" or better is required to earn a degree

Liberal Arts/Associate in Arts with a Concentration in History (LBRT)

This Concentration provides students with a strong History foundation. It prepares students to transfer to a four-year institution to major in History and is a specific pathway for those who are interested in transferring to the University of Hawai'i at Hilo to pursue a degree in History.

Foundations (12 credits)

Written Communication (FW) (3 credits):

- Eng 100 (Writing)

Quantitative Reasoning (FQ) (3 credits):

- Math 100‡, 115, 120, 135, 140, 241, 242

Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:

- Group A - Prehistory to 1500: Hist 151*
- Group B - 1500 to Modern Times: Hist 152*
- Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100

Hawai'i CC Required Courses (6 credits)

College Reading Skills:

- Eng 102 (Reading)

Communication Skills:

- Sp 151† or Sp 251†

Graduation Requirements

Writing Intensive:

- One WI course with a "C" or better grade

Hawaiian, Asian, and Pacific Issues:

- Three credits HAP (from Diversifications or Electives)

Diversifications (19 credits)

Diversifications - Arts, Humanities, Literature: Six (6) credits required in 2 different areas:

Diversification - Arts (DA):

- Art 101, 107D, 111, 113, 114, 115, 217, 230
- Dnce 153, 185, 190V, 195
- Eng 20+
- HwSt 103, 130, 131, 230, 231
- Sp 151†, 251†

Diversification - Humanities (DH):

- Asan 120, 121
- Hist 153, 154
- Haw 101, 102, 201, 202
- HwSt 100, 101, 102, 105, 107, 201
- Phil 100
- Sp 260

Diversification - Literature (DL):

- Psy 100, 170, 275
- Soc 100, 218
- SSci 111, 150
- WS 151

History Concentration Electives (23 credits)

Required:

- ICS 101*

Choose five 3-credit courses from the following:

- Hist 120, 153†, 154†, 241, 242, 274, 284, 288

Choose 5 credits of General Electives numbered 100 or above

- Recommended: Econ 131, Geog 102, HwSt 100

*UH Hilo requires that these courses be passed with a “C” or better grade

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

Liberal Arts/Associate in Arts with a Concentration in Psychology (LBRT)

This Concentration provides students with a strong Psychology foundation. It prepares students to transfer to a four-year institution to major in Psychology and is a specific pathway for those who are interested in transferring to the University of Hawai‘i at Hilo to pursue a degree in Psychology.

Foundations (12 credits)

Written Communication (FW) (3 credits):

- Eng 100 (Writing)

Quantitative Reasoning (FQ) (3 credits):

- Math 115 or Math 135

Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:

- Group A - Prehistory to 1500: Hist 151, WS 175
- Group B - 1500 to Modern Times: Geog 102, Hist 152, WS 176
- Group C - Prehistory to Modern Times: (none at this time)

Hawai‘i CC Required Courses (6 credits)

College Reading Skills:

- Eng 102 (Reading)

Communication Skills:

- Sp 151† or Sp 251†

Graduation Requirements

Writing Intensive:

- One WI course with a “C” or better grade

Hawaiian, Asian, and Pacific Issues:

- Three credits HAP (from Diversifications or Electives)

Diversifications (19 credits)

Diversifications - Arts, Humanities, Literature: Six (6) credits required in 2 different areas:

Diversification - Arts (DA):

- Art 101, 107D, 111, 113, 114, 115, 217, 230
- Dnce 153, 185, 190V, 195
- Eng 204
- HwSt 103, 130, 131, 230, 231
- Sp 151†, 251†

Diversification - Humanities (DH):

- Asan 120, 121
- Hist 153, 154
- Haw 101, 102, 201, 202
- HwSt 100, 101, 102, 105, 107, 201
- Phil 100
- Sp 260

Diversification - Literature (DL):

- Eng 255, 256, 257A, 257E
- HwSt 270

Diversifications - Natural Sciences: Seven (7) credits: three (3) credits from Biological Sciences; and (3) credits from Physical Sciences; and one (1) credit any Natural Science Lab:

Diversification - Biological Sciences (DB):

- Biol 100, 101, 124, 156, 171, 172
- Bot 101, 130

* A grade of "C" or better is required to earn a degree

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

Liberal Arts/Associate in Arts

Exploratory Majors

Exploratory majors are designed to use the students' interests as a starting point and to help provide structure and narrow choices for student success. At the University of Hawai'i Community Colleges, Exploratory Majors are designed primarily for Liberal Arts students who are unclear as to what they want to do, but have some idea of the general area they want to study. Exploratory majors will have a defined set of courses that are applicable to the students' terminal or transfer degrees. Within a well-defined set time frame, students are counseled into a specific major or concentration.

Hawai'i CC offers Exploratory Majors in:

• **Business (AA-LBRT-EXB)** - with pathways to UH Hilo in Accounting and/or General Business.

• **Health Sciences (AA-LBRT-EXHS)** - with pathways to UH Hilo in Kinesiology and/or Pre-Nursing.

For more information on Exploratory Majors, please contact the Counseling Office in Hilo at (808) 934-2720 or the Pāalamanui Student Services Office at (808) 969-8816.

Machine, Welding and Industrial Mechanics Technologies (MWIM)

Faculty: D. Miyashiro

This program prepares the student for employment in the metalworking and mechanical/maintenance trades. Employment may be in construction, food processing, manufacturing, utilities, astronomical observatories, or related industries. The job requires good physical health, above average eye/hand coordination, mechanical reasoning, and good form perception and spatial relationship. Job responsibilities may include fabricating, repairing, or maintaining metal products on equipment, buildings, and systems.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Demonstrate the attributes of a good employee including good safety practices; good communication skills; positive work ethics; working collaboratively or independently under supervision; being a life-long learner; demonstrating an awareness of hazardous materials; and taking responsibility for the orderliness and cleanliness of the workplace.
- Demonstrate and be able to apply the proper set-up and use of basic machine tools and equipment; metalworking equipment; common welding and cutting processes; industrial mechanics equipment; material handling equipment and related machinery; and entry-level ability to interpret blueprints.
- Demonstrate and be able to apply mechanical reasoning, form perception and spatial relations, and numerical reasoning skills as a part of the basic entry-level skills and knowledge necessary to gain employment in the Machining, Welding, Industrial Mechanics or related fields.

First Semester		CO	CA	AAS
* MWIM 142	Intro to Machine and Welding	8	8	8
* MWIM 145	Intro to Arc Welding	4	4	4
** Eng 102	College Reading Skills (or Eng 100 or Eng 106)	-	-	3
** QM 120T	Quantitative Methods for Trans Tech (or Math 100 or higher (not Math 120))	-	-	3
	TOTAL	12	12	18

Second Semester		CO	CA	AAS
* MWIM 155	Interm Welding & Qual Procedures	4	4	4
* MWIM 152	Sheet Metal Machining	-	8	8
Blpr 50	Blpr for Welding & Machine Trades	-	4	4
	TOTAL	4	16	16

Third Semester		CO	CA	AAS
* MWIM 162	Lathe Facing and Knurling	-	4	4
* MWIM 165	Advanced Welding	-	8	8
Elective ††	Cultural, Natural, Social Env.	-	-	6
	TOTAL	-	12	18

Fourth Semester		CO	CA	AAS
* MWIM 172	Intro to CNC Milling	-	4	4
* MWIM 175	Special Process Welding & Rigging	-	8	8
Elective ††	Cultural, Natural, Social Env.	-	-	3
	TOTAL	-	12	15
	TOTAL	16	52	67

* A grade of "C" or better is required to earn a certificate and/or degree

** Meets competency requirement in mathematics or communications

†† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural Env., Natural Env., Social Env.

Marketing (MKT)

Faculty: D. Kawa'auhau

This program is designed to directly align students with one of three potential paths upon graduation. Paths include freelance positions in digital design, marketing, or advertising; industry employment; and transfer to a four year institution. With courses focused on graphic arts, branding, economics, management, marketing, international relations, and a working employment portfolio created and available upon program completion, graduates will be able to apply concepts and strategies directly to the benefit and/or advancement of their professional and/or academic careers.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Synthesize principles and concepts of marketing in developing a marketing plan.
- Develop responsive marketing campaigns that adapt to both foreign and domestic markets.
- Demonstrate an in depth understanding of the marketing and management environment of Hawaii and offer innovative ideas to develop and sustain said environment.
- Develop current technological skills and be able to utilize said skills in a simulated business environment.
- Communicate an in depth understanding of the diverse needs of the international market through the creation of culturally responsive management plans.
- Demonstrate the ability to effectively communicate with a global audience.
- Design an active portfolio that demonstrates an in depth understanding of the principles of advertising up to and including the proper use of color, graphic design, and digital audio production.
- Develop solutions that demonstrate the successful navigation of the current financial and legal business environment.

First Semester		CA	AAS
* Mkt 120	Principles of Marketing	3	3
* Mgt 124	Human Resource Management	3	3
* Art 112 ††	Introduction to Digital Arts	3	3
** Math 135	Pre-Calculus Elementary Functions	4	4

Elective ††	Natural Environment	-	3
	TOTAL	6	15
	TOTAL	40	61

A cumulative 2.0 GPA in the Major Course Requirements category must be earned for graduation. In addition, an overall cumulative 2.0 GPA is required for graduation.

- * A grade of "C" or better is required to earn a certificate and/or degree
- ** Meets competency requirement in mathematics or communications
- †† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural Env., Natural Env., Social Env.

Natural Science (NSCI)

Faculty: A. MacLennan (PAL) R. Namba (PAL)
M. Phillips P. Scheffler
D. Weeks

This Associate in Science Degree program prepares students to transfer to 4-year institutions in STEM (Science, Technology, Engineering and Mathematics) related fields. Hawai'i Community College offers two NSCI tracks: Biological Sciences and Physical Sciences.

For more information, contact Pamela Scheffler by e-mail (pamelays@hawaii.edu).

Program Learning Outcomes

- Upon successful completion, students are prepared to:
- Analyze data effectively using current technology.
 - Communicate scientific ideas and principles clearly and effectively.
 - Analyze and apply fundamental mathematical, physical, and chemical concepts and techniques to scientific issues.
 - Apply fundamental concepts and techniques in their chosen concentration.

Biological Sciences (NSCI-BSC)

First Semester		AS
Biol 171 ††	Introduction to Biology I (DB)	3
Biol 171L †	Introduction to Biology I Lab (DY)	1

Nursing and Allied Health Programs

Faculty:	A. Cremer	C. Hernandez
	L. Miguel	C. Pavel
	P. Pieron	

Hawai‘i Community College Nursing and Allied Health currently offers two pathways into the nursing profession. Students may apply for either the Certificate of Achievement in Practical Nursing (CA-PRCN) program or the Associate in Science Degree in Nursing (AS-NURS) program. Both programs admit a new student cohort each Fall. The AS program has a Hilo and Kona location option. In order to apply, the following requirements must be met:

1. Complete all prerequisite requirements with a grade of “C” or better (C- is not accepted) by the end of the Spring semester prior to program entry.
2. Complete the Test for Essential Academic Skills (TEAS) exam with a composite score at the Proficient Level (minimum score 58.7%) or higher.
3. Academic criteria and TEAS exam scores are used to rank applicants for selection and admission.

For current, detailed application and admission requirements, visit the Hawai‘i CC Nursing webpage at

www.hawaii.hawaii.edu/nursing

Nursing, Associate in Science Degree in Nursing (NURS)

The Associate in Science Degree in Nursing program provides students with a scientific foundation for entry level clinical practice as a Registered Nurse (RN) in hospitals, long-term care facilities, and community based settings. Upon completion of the program, graduates are eligible to take the National Council Licensure Exam for Registered Nursing (NCLEX-RN). RN’s provide and coordinate patient care, educate patients and the public about various health conditions, and provide advice and emotional support to patients and their family members.

The Associate in Science Degree in Nursing program has two pathways:

Generic pathway (AS-NURS): 27 credits of non-nursing prerequisite and general education courses and four semesters of coursework in nursing (46 credits) for a total of 73 credits.

LPN to AS-NURS pathway: (1) Possession of a current HI Practical Nurse License; (2) Minimum 1 year experience work-

ing as LPN; and (3) Completion of all non-nursing prerequisite and general education courses for the AS-NURS program. Includes 27 credits of non-nursing prerequisite and general education courses, credit given for advanced placement (21) and one summer session and two semesters of coursework in nursing (25 credits) for a total of 73 credits.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Implement critical thinking effectively when applying the nursing process in providing compassionate and coordinated care to individuals and their support systems.
- Integrate knowledge gained from biological, social, and nursing sciences with clinical practice in meeting the complex needs of diverse individuals in multiple settings.
- Create an environment that promotes caring and professionalism with consideration for cultural/societal beliefs and practices.
- Utilize information and technology to communicate, manage knowledge, mitigate error, and support decision-making.
- Use data to assess outcomes of care processes and determine ways to improve the delivery of quality care.
- Practice safely and ethically within the scope of practice while providing nursing care and working with the health care team.
- Demonstrate effective communication and collaborative dialogue within nursing and the interprofessional team to achieve quality patient care.

Entry Requirements

The nursing and support courses for the Associate in Science Degree are:

Year 1		AS
Eng 100	Composition I	3
HDFS 230	Human Development	3
Math 100	Survey of Mathematics or higher (not Math 120)	3
Micr 130 ††	Microbiology (DB)	3
Micr 140L	Microbiology Lab	1
Phyl 141	Human Anatomy and Physiology I	3
Phyl 141L	Human Anatomy and Physiology I Lab	1
Phyl 142	Human Anatomy and Physiology II	3
Phyl 142L	Human Anatomy and Physiology II Lab	1
Elective† ††	Diversification - Arts (DA), Humanities (DH), Literature (DL) (recommended: HwSt 100, 102, or 107)	3
Elective† ††	Diversification - Social Sciences (DS) (choose one: Psy 100, Anth 200, Soc 100)	3
TOTAL		27

† May be taken either prior to admission or during the nursing program.
 †† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).

Nurs 151	Psychiatric-Mental Health Nursing	4
Nurs 255	Family Health II-Pediatrics/Adult Hlth Nurs II	7
TOTAL		11

Spring Semester		AS
Nurs 257	Advanced Adult Health Nursing III	8
Nurs 260	Leadership/Community Health	3
TOTAL		11
TOTAL		73

All courses required for the degree must be taken for a letter grade. A grade of “C” or better is considered passing for all nursing and support courses. A cumulative grade point average of 2.0 or better must be maintained to remain in the nursing program.

The Associate in Science Degree program is approved by the Hawai‘i Board of Nursing and accredited by the Accreditation Commission for Education in Nursing, Inc. (ACEN); formerly

NLNAC. The ACEN may be contacted at www.acenursing.org or (404) 975-5000, or by writing to 3343 Peachtree Rd, NE, Suite 850, Atlanta, Georgia 30326. Transfer agreements exist with the University of Hawai'i at Hilo and University of Hawai'i at Mānoa baccalaureate nursing programs allowing interested and qualified associate degree graduates to pursue a Bachelor of Science in Nursing at UH Hilo or UH Mānoa.

Nursing, Practical (PRCN)

This certificate is currently not offered through Hawai'i Community College's Nursing Program.

The Certificate of Achievement in Practical Nursing program prepares students for entry-level practice as a Licensed Practical Nurse (LPN) in a variety of healthcare settings. Upon completion of the program, graduates are eligible to take the National Council Licensure Exam for Practical Nursing (NCLEX-PN). LPN's provide care within their scope of practice under the supervision of a health care provider or Registered Nurse.

The Certificate of Achievement in Practical Nursing program requires 2 semesters and a summer session of coursework in practical nursing (29 credits) and 17 credits of non-nursing prerequisite courses for a total of 46 credits.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Retrieve, integrate, and apply relevant and reliable information, concepts from multiple disciplines, and standards of nursing as the basis for evidenced based nursing care.
- Use the nursing process as a framework for critical thinking to assess, plan, prioritize, implement, and evaluate safe and effective nursing care for those who have predictable nursing needs.
- Demonstrate compassion and caring by developing and maintaining therapeutic relationships based upon mutuality and respect for the health and healing practices, beliefs, and values of the individual and community.
- Communicate and function as a member of a multi-disciplinary health care team.
- Demonstrate the ability to plan and deliver effective health teaching as an integral part of promotion, maintenance, and restoration of health, management of chronic conditions, and end of life care in structural settings.
- Demonstrate professional behaviors and practice within the legal and ethical framework of licensed practical nursing.

Entry Requirements

The prerequisite courses for the Certificate of Achievement in Practical Nursing are:

Prerequisite Courses		CA
Eng 100	Composition I	3
HDFS 230	Human Development	3
Math 100	Survey of Mathematics or higher (not Math 120)	3
Phyl 141	Human Anatomy and Physiology I	3
Phyl 141L	Human Anatomy and Physiology I Lab	1
Phyl 142	Human Anatomy and Physiology II	3
Phyl 142L	Human Anatomy and Physiology II Lab	1
	TOTAL	17
Fall Semester		CA
Nurs 120	Practical Nursing I	9
Nurs 203	General Pharmacology	3
	TOTAL	12
Spring Semester		CA
Nurs 122	Practical Nursing II	11
	TOTAL	11
Summer		CA
Nurs 126	Child Health	3
Nurs 128	Maternity Nursing	3
	TOTAL	6
	TOTAL	46

All required courses must be taken for a letter grade. A grade of "C" or better is considered passing in the nursing and support courses. Students must maintain a cumulative grade point average of 2.0 or better to remain in the nursing program.

Nurses' Aide

This course is currently not offered through Hawai'i Community College's Nursing Program.

Substance Abuse Counseling (SUBS)

A 20-credit Certificate of Competence in Substance Abuse Counseling is offered for students interested in a career in substance abuse counseling. Credit and non-credit courses are offered for in-service substance abuse, human service, and criminal justice professionals seeking to develop and/or upgrade their skills in working with individuals and families who suffer as a result of chemical abuse or dependency. Students who successfully complete these courses are eligible to receive additional studies and/or fieldwork hours that can apply towards obtaining a State Substance Abuse Counseling Certificate as required by the State of Hawai'i Department of Health Alcohol and Drug Abuse Division (ADAD), the National Alcoholism and Drug Abuse Counselor Credentialing Board, and the International Certification and Reciprocity Consortium. Students completing the CC in Substance Abuse Counseling along with an associate's degree are eligible to receive 2,000 hours toward the ADAD Substance Abuse Certification.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Satisfy the addiction studies educational requirements for Hawaii State Department of Health Alcohol and Drug Abuse Division's (ADAD) Certified Substance Abuse Counselor (CSAC) and/or Certified Drug Prevention Specialist (CDPS).
- Identify and articulate medical, social, and/or psychological aspects of addiction.
- Apply the Twelve Core Functions of the Alcohol and Drug Abuse Counselor, and practice within the legal and ethical parameters of the substance abuse counseling profession.
- Perform basic individual or group counseling and interviewing/facilitation skills, and reflect on personal values and issues that may enhance or interfere with effectiveness as a counselor.
- Develop career plans for entry-level positions in substance abuse, criminal justice, and human services organizations that service substance abusing populations, or transfer to a 4-year college to continue education in SUBS related fields.

Entry Requirements

- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Subject Area	Minimum placement into course
Reading	Eng 102
Writing	Eng 100

Substance Abuse Counseling Certificate of Competence

First Semester		CO
Subs 130	Introduction to Youth Practitioner (optional)	(3)
Subs 131	Ethics in Public Services	1
Subs 140	Individual Substance Abuse Counseling	3

First Semester		CO
Subs 130	Introduction to Youth Practitioner	3
Subs 131	Ethics in Public Services	1
Subs 268	Survey of Substance Use Disorders	3
	TOTAL	7

Credits in () are optional

Sustainability Academic Subject Certificate (ASC-LBRT-SUSI)

Faculty: D. Kapp

The Sustainability Academic Subject Certificate supports efforts to improve environmental stewardship and sustainability. It is interdisciplinary and integrates sustainability themes and practices across the Hawai'i Community College curriculum, drawing from Hawaiian Studies, Natural Science, Social Science and other disciplines.

Requirements

1. **Credits Required:** A total of 12 credits of S-designated classes is required to receive the ASC-SUSI.
2. Designated classes must be from the following areas:
 - A minimum of 3 credits Hawaiian Studies
 - A minimum of 3 credits Natural Science
 - A minimum of 3 credits Social Science
 - Remaining credits from any other S-designated class.
3. Up to 6 credits of S-designated classes may be taken from other UH campuses, provided the credits fit into the areas listed above.

Sustainability and S-designated Classes

Hawai'i CC offers a designation of "SF" for courses and classes which expose students to sustainability across a variety of academic disciplines. These are designed to meet the UH system-wide goals to develop and strengthen ecological literacy in students and address local and global environmental challenges. S-designated courses and classes allow students from all majors and programs to deepen their knowledge of core concepts of sustainability utilizing a cross-disciplinary approach. The designation can steer students towards classes that address issues of sustainability and encourage students to learn about social justice, cultural, economic, political, scientific, green building, and artistic approaches to sustainability, recognizing the valuable contributions from each academic discipline.

The S-designation of a course indicates that sustainability is a major theme, and S-designation of a class (a particular section of a course) indicates that the instructor has chosen to integrate sustainability themes into the class content and promotes active student engagement with global and local environmental issues.

For more information about Sustainability at Hawai'i CC, and for a list of currently designated courses and classes, visit www.hawaii.hawaii.edu/sustainability

Tropical Forest Ecosystem and Agroforestry Management (TEAM)

Faculty: P. Scheffler O. Steele

Students learn to actively manage Hawai'i's native forest ecosystems, grow native plants, establish agroforestry operations, use Global Positioning Systems (GPS), and Geographic Information Systems (GIS). Internships give students on-the-job training with potential employers.

For more information call (808) 934-2623, or e-mail forteam@hawaii.edu or check the website at

www.hawaii.hawaii.edu/forestteam

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Apply basic ecosystem concepts to natural resource management.
- Use an understanding of general scientific concepts in design of forestry systems.
- Use knowledge of applicable laws and regulations to make decisions about managing ecosystems.
- Apply effective interpersonal and communication skills.
- Recognize, collect, and interpret field data.
- Apply effective management practices to commercial or conservation efforts.

First Semester		CA	AS
Ag 175	Agroforestry	3	3
Ag 175L	Agroforestry Lab	1	1

†† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).

Program Advisory Councils

The Career and Technical Education (CTE) programs at Hawai'i CC are an integral part of the local community and reflect its day-to-day life. Close cooperation among the faculty, employers, and employees in the community is maintained. One of the most effective formal means of providing for this type of cooperation is the Program Advisory Council. These groups advise their respective programs of training needs and new developments in the field. Councils include employers, alumni, and others knowledgeable about the field.

Accounting

Jon Arbles, Audit Services, Taketa, Iwata, Hara & Associates
Allison De Guzman, Tax and Accounting Associate Member,
Taketa, Iwata, Hara & Associates
Christin Gallagher, Controller, Bay Clinic
Sherri-Ann Ha-Ahu, HPM Building Supply
Keith Marrack, Financial Advisor, Edward Jones
Joel Peralto, Owner/Principal, Peralto & Co. CPAs, Inc.
Le Pomaski, Controller, Heartwood Pacific, LLC
Amy Yanagihara, Staff Accountant, Taketa, Iwata, Hara & Associates

Architecture, Engineering and Construction Technologies

Jordanah Ah Puck, AIT Scott Fleming and Associates, LLC
Randy Dameg, Land Surveyor III, Engineering Department,
County of Hawai'i
Alukahe Kala, Tax Map and Records Tech II, Planning Department,
County of Hawai'i
Matt Okuno, Inspector, Public Works-Engineering Department,
County of Hawai'i
Jarrett Okutsu, KY International, Inc.
Asia Wasser, GIS Analyst III, Department of Information Technology,
County of Hawai'i

Auto Body Repair and Painting

Jason Aguiar, Owner, ABRP Hawai'i
Robert Kobayashi, Auto Instructor, Waiākea High School
Taryll Moore, Estimator, Geico
Debbie Omori, Vice President, Bob's Fender Shop
Randall Yoneda, Parts/Paint Manager, Napa

Automotive Technology

Wesley Ferreira, Senior Sales/Marketing Executive, Automotive Supply Center
Thomas Haraguchi, Retired Service Manager
Joseph Hawk, General Manager, Kamaaina Nissan
Kent Inouye, Owner/Manager, Bayside Chevron Services
Louis Perreira, III, Owner, Louie's Auto Repair
Jeffrey Quebral, Owner/Manager, Island Performance & Offroad

Business Technology

Lee Botelho, Human Resources Manager, Department of Human Resources, County of Hawai'i
Tiffany Ichimasa, Agent, Noguchi & Associates
Sheri Kojima, Business Pathway Teacher, Waiākea High School
Waylen Leopoldino, Deputy Director, Department of Human Resources, County of Hawai'i
Mari Kris Malicdem, BTEC graduate, Hawai'i Community College
Justin Pequeno, Project Manager, Kamehameha Schools
Marcia Yoshiyama, Economic Development Technician, Department of Research and Development, County of Hawai'i

Carpentry

Dean Au, Business Agent, Carpenter's Union Local 745
Brian Brokaw, Operation Manager, HPM
Mike Gillette, Owner, Gillette Construction
Raymond Kaahue, Contractor Sales, HPM
Sharon Sakamoto, Project Engineer, Isemoto Contracting Co., Ltd.
Craig Takamine, General Contractor, Takamine Construction

Culinary Arts - East Hawai'i

Karlee Fergerstrom-Kalalau, Sous Chef, Hilo Bay Cafe
Jayson Kanekoa, Executive Chef, Waikoloa Beach Marriott Resort and Spa
Mimi Mendoza, Executive Pastry Chef, Senia
Chad Yamamoto, Executive Chef, Merrimans Waimea

Culinary Arts - West Hawai'i

Muzzy Fernandez, Cook I, Instagrindz
Michelle Gomez, Senior Executive Sous Chef, Sheraton (Marriott Intl) and Private Estate Chef
James Govier, Cook, Sheraton
Jean Marc Heim, Chef Consultant, Private Chef
Patti Kimball, Owner, Kimball Catering
Ken Love, Executive Director, Hawai'i Master Food Preservers
Daniel Sampson, Executive Pastry Chef, Hotel Fairmont Orchid
David Viviano, Executive Chef, Hotel Fairmont Orchid

Diesel Mechanics

Kyle Akeo, Technical Communicator, Hawthorne CAT
Ted Dela Cruz, Technical Communicator, Hawthorne Pacific Corp.
Noel Foronda, Service Manager, Jas W. Glover
Sam Gray, Owner, Precision Fuel Injection, Inc.
Kelvin Kohatsu, Fleet Division Director, Hawaiian Electric
Dennis Rose, Owner, Power Generation Services

Early Childhood Education

Wendy Correa, Curriculum Manager, Tutu and Me Traveling Preschool
Michelle Flemming, Childcare Director, Hawai'i IslandYWCA
Tamia McKeague, West Hawai'i Project Manager, Kamehameha Schools
Napua Rosehill, Project Manager, Kamehameha Schools

Electrical Installation and Maintenance Technology

Troy Haspe, Electrical Inspector, Building Division, County of Hawai'i
James Hirayama, Electrical Contractor, Hirayama Brothers Electric, Inc.
Dean Oshiro, President, DWE, Inc.
Peter Stasey, Technical Superintendent, Hawai'i Electric Light
Gene Villaruel, Electrical Contractor, Gene's Electric

Information Technology

Tim Minick, Director of Information, HPM Building Supply
Kelvin Ono, Information Systems Analyst, Office of the Prosecuting Attorney, County of Hawai'i

Marketing

Kate Carvalho, Administrative Assistant, HawaiiTribune-Herald
Alia Chocol, Owner, Helping Hands Concierge
Chelson DeJesus, Owner, On3 Clothing, Inc.
